ELON MUSK, OWNER OF TESLA

Musk dressed as the demon Baphomet in 2022, with upside down crosses on his back and over his heart.

Musk gave the Nazi salute twice at the US inauguration on January 20, 2025. This image is so offensive, it is illegal to reproduce it in several European countries.

- Raised in South Africa until he was 18.
 - A wealthy child under an Apartheid government.
 - In Apartheid, Whites have all the power.
 - South Africa was 10% White. They were violent and cruel to the native Black population.
 - Musk's grandparents moved from Canada to South Africa because they were White supremacists.
 - Musk is the richest man in the world.
 - The US government gives him about \$8 million a day for private contracts.
 - He is currently firing federal workers and collecting private data on all Americans, with a made-up department called DOGE.
 - Musk says DOGE is cutting fraud and abuse, but
 - DOGE has stopped at least 32 investigations into wrongdoing by his own companies.
 - DOGE is staffed by hackers in their early 20s, not accountants or auditors.
 - DOGE has collected personal information on individual Americans that would never be needed to "cut fraud and abuse."
 - He doesn't understand the US system of government. He often says and writes incorrect information about democracy.
 - He appears to be acting as the president. For example, he meets with heads of state without President Trump's knowledge.
 - His 4 year old child told President Trump, "You are not the president. You need to go away."
 - Musk has at least 13 children by 4 different women. He is interested in eugenics ("science" of white supremacy) and thinks White people should have many children.
 - When his father Errol was 50 years old, he married a woman who had a 4-year-old daughter. 20 years later, Errol had two children by that little girl.
 - In South Africa, White men had freedoms to abuse women, children, and the Black and Brown citizens.
- Musk is a citizen of Canada and the USA.
According to his brother, Musk entered the US illegally.
Canadians are trying to revoke his citizenship.
